Hybrid Work Policy

SYNTHETIC TRAINING DOCUMENT

document_id: HR-004
title: Hybrid Work Policy
department: HR
version: 2.0
effective_date: 2026-01-01
status: Active
region: US
access_level: All Employees
owner: HR Operations
related_document_ids: ['IT-003']
synthetic: True

Scope

This policy applies to US NovaTech staff and authorized stakeholders. Hybrid Work Policy is maintained by HR Operations.

Policy requirement

US hybrid staff work onsite Tuesdays and Thursdays; exceptions need HR and manager approval.

Implementation steps

1. Log the request, business purpose, owner, and applicable region. 2. Verify the current policy version and eligibility. 3. Obtain the designated approval before execution. 4. Record the outcome and evidence in the department tracking system. 5. Escalate exceptions to HR Operations.

Worked example

A staff member asks about hybrid work policy. The reviewer checks the rule above, validates employee scope, records approvals, and follows the related procedure in IT-003. Do not use superseded guidance for current requests.

Controls and exceptions

Exceptions need written approval from HR Operations. Confidential or Restricted material must only be retrieved for entitled roles. The owning team reviews the policy annually.

Cross-department handoff

For overlapping questions, consult IT-003. If policies disagree, use the active version effective on the relevant date and escalate unresolved conflicts to the owners.
