Code of Conduct

SYNTHETIC TRAINING DOCUMENT

document_id: LEGAL-001
title: Code of Conduct
department: LEGAL
version: 2.0
effective_date: 2026-01-01
status: Active
region: Global
access_level: All Employees
owner: LEGAL Operations
related_document_ids: ['IT-004']
synthetic: True

Scope

This policy applies to Global NovaTech staff and authorized stakeholders. Code of Conduct is maintained by LEGAL Operations.

Policy requirement

Disclose conflicts within five business days; gifts above $100 need Compliance approval.

Implementation steps

1. Log the request, business purpose, owner, and applicable region. 2. Verify the current policy version and eligibility. 3. Obtain the designated approval before execution. 4. Record the outcome and evidence in the department tracking system. 5. Escalate exceptions to LEGAL Operations.

Worked example

A staff member asks about code of conduct. The reviewer checks the rule above, validates employee scope, records approvals, and follows the related procedure in IT-004. Do not use superseded guidance for current requests.

Controls and exceptions

Exceptions need written approval from LEGAL Operations. Confidential or Restricted material must only be retrieved for entitled roles. The owning team reviews the policy annually.

Cross-department handoff

For overlapping questions, consult IT-004. If policies disagree, use the active version effective on the relevant date and escalate unresolved conflicts to the owners.
