Discount Approval

SYNTHETIC TRAINING DOCUMENT

document_id: SALES-006
title: Discount Approval
department: SALES
version: 2.0
effective_date: 2026-01-01
status: Active
region: Global
access_level: All Employees
owner: SALES Operations
related_document_ids: ['PROD-001']
synthetic: True

Scope

This policy applies to Global NovaTech staff and authorized stakeholders. Discount Approval is maintained by SALES Operations.

Policy requirement

Up to 10% sales manager; 11–20% director; above 20% VP and Finance.

Implementation steps

1. Log the request, business purpose, owner, and applicable region. 2. Verify the current policy version and eligibility. 3. Obtain the designated approval before execution. 4. Record the outcome and evidence in the department tracking system. 5. Escalate exceptions to SALES Operations.

Worked example

A staff member asks about discount approval. The reviewer checks the rule above, validates employee scope, records approvals, and follows the related procedure in PROD-001. Do not use superseded guidance for current requests.

Controls and exceptions

Exceptions need written approval from SALES Operations. Confidential or Restricted material must only be retrieved for entitled roles. The owning team reviews the policy annually.

Cross-department handoff

For overlapping questions, consult PROD-001. If policies disagree, use the active version effective on the relevant date and escalate unresolved conflicts to the owners.
